1.0 Rationale

The Town of Maynard (the “Town”) is promulgating rules and regulations in the form of this Body Art Regulation, which provide minimum requirements to be met by any person performing Body Art activities for hire upon another individual and for any establishment wherein Body Art activities are to be performed. These requirements include, but are not limited to, requirements concerning the general sanitation of the establishment wherein Body Art activities are to be performed and the Sterilization of Instruments to be used in the conduct of Body Art. By enacting this Body Art Regulation, the Town has determined that these rules and regulations are necessary to protect the public’s health by preventing disease, including, but not limited to, the transmission of hepatitis B and/or human immunodeficiency virus (HIV/AIDS).

In addition, this Body Art Regulation establishes a requirement for registration and a procedure for the registration with the Board of Health (the “Board”) of the Town of all persons performing such Body Art activities, a requirement for minimal training standards for such practitioners including requirements for the prevention of disease transmission and for knowledge of anatomy and physiology. Provisions for the regular inspection of establishments wherein Body Art activities are to be performed and for

revocation of the registration of any person or establishment deemed in violation of the rules and regulations promulgated under this Body Art Regulation, or for other means of enforcement of the provisions of this Body Art Regulation.

This Body Art Regulation provides for an annual fee to be paid by a person and establishment registered under this Body Art Regulation. This fee is intended to defray the cost to the Town of the administration of the requirements of this Body Art Regulation.

2.0 Authority

In accordance with the authority granted by Massachusetts General Laws, Chapter 111, Section 31, the Board hereby adopts the following regulation.

3.0 Definitions

The following terms used in this Regulation, unless the context otherwise requires, shall have the following meaning:

1. **AFTERCARE INSTRUCTIONS** shall mean written instructions, approved by the Board or its agents, given to a person upon whom one or more Body Art activities have been performed, specific to the Body Art procedure(s) rendered or performed, concerning the proper care to be given to the area of the body upon which the Body Art has been performed and concerning the surrounding area of the body.
2. **ANTISEPTIC** shall mean an agent that destroys disease-causing microorganisms on human skin or mucosa.
3. **AUTOCLAVE** shall mean an apparatus for sterilization utilizing steam pressure at specific temperature over a designated period of time.
4. **AUTOCLAVING** shall mean the process which results in the destruction of all forms of microbial life - including highly resistant bacterial spores - by the use of an Autoclave for a minimum of thirty (30) minutes at 17 pounds of pressure (PSI) at a temperature of 250 degrees Fahrenheit.
5. **BOARD** shall mean the Town of Maynard Board of Health.
6. **BODY ART** shall mean the practice of physical body adornment, alteration or modification by means including, but not limited to, piercing, tattooing, branding, braiding, beading/implantation or scarring.
7. **BODY ART ESTABLISHMENT** shall mean any facility that has been inspected and approved by the Board or its agents for use in conducting of Body Art activities and for which a current Permit is issued by the Board in accordance with

this Body Art Regulation.

60. TEMPORARY BODY ART ESTABLISHMENT shall mean the same as Mobile Body Art Establishment.
61. THREE DIMENSIONAL “3D” BODY ART or BEADING or IMPLANTATION shall refer to the form of Body Art consisting of or requiring the placement, injection or insertion of an object, device or other thing made of matters such as steel, titanium, rubber, latex, plastic, glass or other inert materials, beneath the surface of the skin of a person. This term does not include Body Piercing.
62. TOWN shall mean the Town of Maynard.
63. ULTRASONIC CLEANING UNIT shall mean a unit approved by the Board or its agents and physically large enough to fully submerge Instruments in liquid, which unit removes all foreign matter from the Instruments by means of high frequency oscillations transmitted through the contained liquid.
64. UNIVERSAL PRECAUTIONS or STANDARD PRECAUTIONS shall mean the set of guidelines and controls, published by the Center for Disease Control as “guidelines for prevention of transmission of human immunodeficiency virus and hepatitis B virus to health-care and public-safety workers” in Morbidity and Mortality Weekly Report by the Center for Disease Control (CDC) June 23, 1989, Vol.38, No. S-6, and as “recommendations for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures” in Morbidity and Mortality Weekly Report July 12, 1991, Vol. 40, No. RR-8, each as amended or updated. This method of infection control requires the employer and the employee to assume that all human blood and specified human body fluids are infectious for HIV, HBV and other blood pathogens. Precautions include hand washing, gloving, personal protective equipment, injury prevention, and proper handling and disposal of needles, other sharp instruments, and blood and body fluid contaminated products.
65. WORKSTATION shall mean an area within a Body Art Facility designated for use in the conducting of Body Art activities.

4.0 Severability

If any provision or subpart thereof contained in this Body Art Regulation is found to be invalid or unconstitutional by a court of competent jurisdiction, the validity of all remaining provisions or subparts thereof shall not be so affected but shall remain in full force and effect.

5.0 The Practice of Body Art - Body Art Practitioner License Required

No person shall conduct any form of Body Art activity unless such person holds a Valid Body Art Practitioner License issued by the Board pursuant to this Body Art Regulation.

6.0 Body Art Facility – Body Art Establishment Permit Required

No person shall establish a facility for the conduct of a business consisting of or including the performance of one or more Body Art activities upon the person of another without a valid Permit to operate such facility as a venue within which to conduct Body Art activities issued by the Board in accordance with this Body Art Regulation.

7.0 Exemptions

- (a) Physicians who practice Body Art activities as a part of patient treatment are exempt from the provisions of this Body Art Regulation so long as such Body Art activities are performed in a medically acceptable manner.
- (b) Individuals who pierce only the lobe of the ear with a pre-sterilized, single-use stud and clasp ear piercing system without the use of a so-called piercing gun are exempt from the provisions of this Body Art Regulation.

8.0 Registration

The requirements of this Body Art Regulation to obtain a Body Art Practitioner License and a Body Art Facility Permit are separate from and in addition to the requirements of Massachusetts General Laws Chapter 110, Section 5. An applicant for a Body Art Establishment Permit must comply with the requirements of Massachusetts General Laws Chapter 110, Section 5. Prior to the issuance of a Body Art Establishment Permit an applicant therefore must demonstrate to the Board or its agents compliance therewith by way of presentment to the Board or its agents of the original business certificate issued by the appropriate Town licensing board, under the provisions of said Chapter 110, Section 5.

9.0 Commonwealth of Massachusetts - Registration or Licensing

The requirements of this Body Art Regulation to obtain a Body Art Practitioner License and/or a Body Art Facility Permit are separate from and in addition to any similar

requirements that may be mandated by the Commonwealth of Massachusetts.

10.0 Body Art Practitioner

10.01 Application -Registration - Body Art Practitioner License

A person seeking registration under this Body Art Regulation so as to obtain a Body Art Practitioner License shall submit a completed application provided by the Board and shall pay to the Town a fee of \$200. A Body Art Practitioner License shall be valid for no more than one year. The Board may renew a Body Art Practitioner License under this Body Art Regulation and each applicant for such renewal shall pay to the Town a renewal fee of \$75. All Body Art Practitioner Licenses shall expire on October 31.

10.02 Application - Body Art Practitioner License - Compliance with Body Art Regulation Requirements

An applicant for a Body Art Practitioner License shall demonstrate to the Board or its agents his/her successful compliance with all training, disclosure, consent and educational requirements of this Body Art Regulation relative to the form of Body Art activities for which such applicant seeks a Body Art Practitioner License prior to the issuance or renewal of a Body Art Practitioner License by the Board.

10.03 Hepatitis B Vaccination Status - Disclosure

- (a) A Hepatitis B Vaccination is highly recommended.
- (b) An applicant for a Body Art Practitioner License shall provide to the Board or its agents, and shall provide to the owner of any Body Art Establishment in which the applicant intends to perform or in which he does perform Body Art activity, valid documentation of his Hepatitis B Virus (HBV) vaccination status stating:
 - (1) Certification of completed vaccination;
 - (2) Laboratory evidence of immunity;
 - (3) Documentation stating the vaccine is contraindicated for medical reasons. Contraindication requires a dated and signed licensed health care professional's statement specifying the name of the Body Art Practitioner License applicant employee and that the vaccine cannot be given; or,
 - (4) Certificate of vaccination declination of HBV, i.e. for medical or religious reasons as provided in Massachusetts General Laws Chapter 76§15.

10.04 Hygiene

Every Body Art Practitioner shall maintain a high degree of personal cleanliness, conform to hygienic practices and wear clean clothes when conducting Body Art activity. If the clothes of a Body Art Practitioner are or become contaminated, clean clothing shall be donned prior to commencement of any further Body Art activity.

10.05 Minimal Training Requirements

Every applicant for a Body Art Practitioner License or a renewal of a Body Art Practitioner License, in order to be qualified for such License, shall provide to the Board or its agents evidence of satisfaction of the following minimal training requirements:

- (a) For a Body Art Practitioner License enabling one to perform Body Piercing, the completion of a complete course in Anatomy and Physiology, (i.e. Anatomy & Physiology I & II) with a grade of C or better at a college accredited by the New England Association of Schools and Colleges, or comparable accrediting entity. This course work must include instruction on the systems of the integumentary system (skin).
- (b) For a Body Art Practitioner License that enables one to perform Tattooing, Branding and Scarification, but not Body Piercing, the successful completion of a complete course in Anatomy and Physiology, (i.e. Anatomy & Physiology I & II) with a grade of C or better at a college accredited by the New England Association of Schools and Colleges, or comparable accrediting entity. This course work must include instruction on the systems of the integumentary system (skin). Such other course or program as the Board or its agents shall deem appropriate and acceptable may be substituted for the course in anatomy and physiology otherwise required of an applicant for a Body Art Practitioner License that enables one to perform Tattooing, Branding and Scarification, but not Body Piercing.
- (c) For all Body Art Practitioners, the successful completion of a course on Prevention of Disease Transmission and Blood borne pathogens taught by an instructor trained and sufficiently knowledgeable to teach this OSHA course. Such knowledge shall include the requirements of 29 CFR 190 10.1030.
- (d) Current certification in American Red Cross Basic First Aid or its equivalent and Advanced Cardio-Pulmonary Resuscitation.
- (e) Evidence satisfactory to the Board or its agents of:
 - (1) at least two years actual experience in the practice of performing Body Art activities of the kind for which the applicant seeks a Body Art Practitioner License to perform; whether such experience was obtained within or outside of the Commonwealth, or
 - (2) a completed apprenticeship program as approved by the Commonwealth of Massachusetts or the Board or its agents, with instruction in the kind of Body Art for which the applicant seeks a Body Art Practitioner License to perform.

10.06 Blood Borne Pathogen Training Course - Content

- (a) Any course taken by an applicant to fulfill the requirements set forth in this Body Art Regulation concerning exposure control and Blood borne pathogen training shall meet the requirements of 29 United States Code 1910.1030 et seq, as amended from time to time, and, at a minimum, shall provide instruction in the following subject matter:
 - (1) A general explanation of the epidemiology and symptoms of Blood borne diseases and all communicable diseases potentially transmitted through Body Art activity;
 - (2) An explanation of the modes of transmission of Blood borne pathogens and other communicable diseases potentially transmitted through Body Art activity;
 - (3) An explanation of the appropriate methods for recognizing tasks and other activities that may involve exposure to blood for the Body Art Practitioner and/or the client/recipient;
 - (4) An explanation of the use and limitations of methods that will prevent or reduce exposure to the Body Art Practitioner and/or the client/recipient of Blood borne pathogens and other communicable diseases;
 - (5) Information on different types, proper use, and removal of gloves and proper hand washing techniques;
 - (6) Information on the proper selection and use of Autoclaves and Antiseptics;
 - (7) Information on the HBV vaccine, including information on its efficacy, safety, method of administration, and the benefits of vaccination against HBV;
 - (8) An explanation of what constitutes an exposure incident, the risk of disease transmission following an exposure incident, and the options for post-exposure evaluation and follow-up if an exposure incident occurs involving Blood borne pathogens; and,
 - (9) An opportunity for interactive questions and answers with the instructor of the training session.
- (b) Upon conclusion of a course as described above, an examination based on the information covered in the course shall be administered to each attendee of the course by the entity administering the course, with documentation of the results for each attendee provided to him or her. The Body Art Practitioner License applicant shall provide the results of such examination to the Board or its agents.

10.07 Body Art Practitioner License - Consent to Comply With Body Art Regulation

An applicant for a Body Art Practitioner License shall sign a statement provided by the Board consenting to and agreeing to abide by all of the provisions of this Body Art Regulation.

10.08 Body Art Practitioner License - Board Authorized to Issue

- (a) If an applicant for a Body Art Practitioner License demonstrates compliance with section 10.05 (a) and all other provisions of 10.0 et seq of this Body Art Regulation, excepting only section 10.05 (b), then the Board is hereby authorized to issue a Body Art Practitioner License pursuant to the provisions of this Body Art Regulation which authorizes the applicant to conduct Body Art activities consisting only of Body Piercing.
- (b) If an applicant for a Body Art Practitioner License does not demonstrate compliance with section 10.05 (a) of this Body Art Regulation, but does demonstrate compliance with section 10.05 (b) and with all other provisions of section 10.0 et seq of this Body Art Regulation, then the Board is hereby authorized to issue a Body Art Practitioner License pursuant to the provisions of this Body Art Regulation that authorizes the applicant to conduct Body Art activities consisting only of Tattooing, Branding and Scarification.

10.09 Body Art Practitioner License - Acting Within Scope of License

A Body Art Practitioner shall only perform those forms of Body Art for which he/she holds a Body Art Practitioner License issued by the Board.

10.10 Body Art Practitioner License - Posting Requirement

A Body Art Practitioner and/or Operator shall post in the Body Art Establishment in a manner readable by the Board or its agents and by Clients the original copy of the current Body Art Practitioner License of the Body Art Practitioner.

10.11 Body Art Practitioner - Impairment by Drugs or Alcohol

- (8) Body Art Regulation – one copy of the most current version of this Body Art Regulation and any State regulations concerning the practice of Body Art.

(b) Every Operator shall have and retain at the Body Art Establishment for inspection by the Board or its agents all Exposure Incident Reports permanently. The disposal or destruction of these reports is prohibited.

14.06 Establishment Maintenance

Every area of a Body Art Establishment shall be kept in good repair, clean and free of all vermin, and maintained so as to prevent Contamination of Clients and other persons.

14.07 Toilet Room and Plumbing Maintenance

Every toilet room, all plumbing and all plumbing fixtures shall be kept clean, fully operative, and in good repair.

14.08 Equipment and Instrument Maintenance

- (a) All Instruments, Equipment and Procedure Surfaces used for Body Art activity,

including, but not limited to, devices, containers, cabinets, storage compartments, chairs, tables, counters, and dispensers shall be maintained clean, fully operative, and in good repair and free from Contamination.

(b) All Instruments manufactured for performing any specific Body Art activity shall be so designated, used and approved, and shall not be modified, adulterated, Contaminated or improperly used. Instruments used for Body Piercing shall be constructed of stainless surgical-grade steel, and designed and manufactured for such use.

14.09 Contaminated Instruments

(a) Every Contaminated reusable Instrument or component thereof, including, but not limited to, needles, needle bars, needle tubes, needle caps, Body Piercing tubes, rotary pens, and coil machines, shall be immersed in water or other approved liquid solution in the Cleaning Area until cleaned and Sterilized.

(b) Prior to Sterilization, every such Instrument shall be thoroughly washed by scrubbing with an appropriate Disinfectant and Hot Water in accordance with manufacturer's instructions so as to remove Contamination and foreign matter.

(c) Upon completion of the washing process as set forth in subsection (b) above, every such Instrument shall be cleaned using an Ultrasonic Cleaning Unit in accordance with Manufacturer's instructions.

(d) Upon completion of the cleaning process as set forth in subsection (c) above, every such Instrument shall be packaged into procedure set-up packages with color change indicators designed to indicate complete Sterilization thereof, initials of the person responsible for Sterilizing the Instruments and date of such Sterilization. Instruments may be packaged individually or with other Instruments to the extent permitted under the package manufacturer's instructions.

(e) Upon completion of the packaging process as set forth in subsection (d) above, every such Instrument shall be properly Sterilized by properly Autoclaving in an approved Autoclave or Sterilized in another type of Sterilization Unit according to manufacturer's instructions.

(f) If a package becomes wet, is opened or is otherwise compromised so as to allow the possible Contamination of the contents of the package, any Instrument therein shall be deemed Contaminated and shall again be washed, cleaned, packaged and Sterilized as indicated above prior to use.

(g) Sterilized Instruments shall be stored in a dry, clean cabinet or tightly covered container. Cabinets and containers designated for the storage of Sterilized Instruments shall be used for that purpose exclusively.

(h) Every Sterilized package shall be deemed expired six (6) months after the date of Sterilization. Every Instrument therein shall again be washed, cleaned, packaged and Sterilized consistent with the provisions of this section prior to use.

(i) Liquid Sterilants shall not be used for the Sterilization of any reusable Instrument.

14.10 Instrument Storage

All Instruments must be stored in the Instrument Storage Area in a manner so as to prevent Contamination. Identical Instruments shall be exclusively stored together, unless intermingled storage with different Instruments does not represent a hazard as determined by the Board or its agents.

14.11 Use of Chemicals and Cleansers

All Germicides, Disinfectants, chemicals, and cleansers must be used according to the manufacturer's requirements, used only for the purpose approved and intended by the manufacturer and properly labeled and stored so as to prevent Contamination and hazard.

14.12 Labeling

All storage containers, cabinets, shelves and other storage areas in the Instrument Storage Area shall be properly labeled as to their contents, including, but not limited to, identification of Contaminated or soiled contents as appropriate.

14.13 Linen Storage and Cleaning

(a) Clean linen shall be stored in a manner so as to prevent Contamination. Containers used for the storage of such linen shall be clearly labeled as to the contents and used for no other purpose. Linens that have become soiled or Contaminated shall be disposed of, or not be used, until properly laundered. Contaminated linen shall be labeled, handled, stored, transported, and laundered or disposed of so as to prevent hazard in a manner approved by the Board or its agents.

(b) Any other protective clothing or garment or cloth items worn or used during Body Art activity and intended for reuse shall be mechanically washed with detergent and dried after each use. The items shall be stored in a clean, dry manner and protected from Contamination until used. Should such items become Contaminated directly or indirectly with bodily fluids, the items shall be washed in accordance with standards applicable to hospitals and medical care facilities, at a temperature of 160° F or a temperature of 120° F with the use of chlorine Disinfectant.

14.14 Cleaning and Testing of Ultrasonic Cleaning Units and Sterilization Units

(a) Every Ultrasonic Cleaning Unit and Autoclave or Sterilization Unit shall be used and maintained according to manufacturer's specifications. Each Ultrasonic Cleaning

Unit, Autoclave or other Sterilization Unit shall be emptied and thoroughly cleaned and Disinfected at least once each day that the unit is used.

- (b) Every Autoclave or Sterilization Unit shall be tested with a commercial biological monitoring (spore) system test in a manner and frequency consistent with the manufacturer's instructions, but no less than once every week, to monitor the efficacy of the eradication of all living organisms, including spores, by the Autoclave or other Sterilization Unit.
- (c) Biological monitoring [spore] system testing of the Autoclave or other Sterilization Unit shall be performed by an independent commercial testing laboratory contracted by the Operator and/or Body Art Practitioner. A provision shall be included in the contact between the Operator and/or Body Art Practitioner with the commercial testing laboratory requiring the commercial testing facility to notify the Board or its agents of any failure of the Autoclave or other Sterilization Unit to eradicate all living organisms, including spores.

14.15 Waste Hauling

- (a) All waste shall be removed from the Body Art Establishment on a daily basis and placed in an Approved secured receptacle for pickup and removal.
- (b) All Contaminated Waste in solid form and Sharps shall be disposed of through use of an approved waste hauler in accordance with all applicable state and federal and local laws and regulations, adopted from time to time. The frequency of disposal shall be determined by the Board or its agents, but shall be no less than every 30 days.

15.0 Conduct of Body Art

15.01 Workstation Sanitizing

- (a) All surfaces in a Workstation which come in contact with a Client, or which become Contaminated, or which may reasonably have become Contaminated shall be cleaned with water and soap or other appropriate cleaning compound immediately following the conduct of Body Art upon a Client.
- (b) The Workstation, including, but not limited to the Client's chair, table, tray, procedure Surface and similar surfaces shall be thoroughly Sanitized with an approved Disinfectant immediately before and immediately after the conduct of Body Art upon a Client therein/thereon.

15.02 Hand Washing and Use of Gloves

- (a) A Body Art Practitioner shall clean his/her hands and forearms thoroughly by washing with antibacterial soap and warm water and promptly dry the same with single-use paper towels or like material prior to conducting any Body Art activity.

- (b) A Body Art Practitioner shall wear new, clean, single-use examination gloves while assembling all Instruments and other supplies intended for use in the conduct of Body Art and during the conduct of Body Art upon a Client. New, clean, single-use non-latex examination gloves shall be used during the preparation for and the conduct of any Body Art activity upon a Client with a known or a suspected latex allergy.
- (c) If an examination glove is pierced, torn or Contaminated through contact with any part of the Client not subject to the conduct of Body Art or such other surface so as to present the possibility of Contamination, any person other than the Client, or otherwise exposed to an unsanitary or non-sterile surface, both gloves must be promptly removed and discarded into an appropriate waste receptacle. The Body Art Practitioner shall don new gloves before proceeding with the conduct of Body Art.
- (d) If the gloves of a Body Art Practitioner are removed at any time during assembly of instruments or supplies, or the conduct of Body Art, the Body Art Practitioner must clean his/her hands and don new gloves in accordance with this section.
- (e) The use of single-use examination gloves does not preclude or substitute for the above hand-washing requirement.

15.03 Instrument and Equipment Preparation

- (a) Every Body Art Practitioner shall use linens, properly cleaned in accordance with these regulations, or new single-use drapes, lap cloths, and aprons for each element of Body Art conducted upon a Client.
- (b) Every substance used in the conduct of Body Art shall be dispensed from containers so as to prevent Contamination or the possibility of Contamination of the unused portion. Immediately before tattooing a Client, a sufficient quantity of the ink, dye or pigment to be used therefore shall be transferred from its original bottle or container into sterile, single-use disposable cups, caps or containers.
- (c) Upon Sanitization of the Workstation, the Instrument tray shall be covered with an uncontaminated single-use paper towel, tray cover or similar material.
- (d) Every Instrument required for the conduct of Body Art upon a Client shall be placed and arranged on the Instrument tray in a manner so as to prevent Contamination of Sterilized Instruments. All Sterilized Instruments shall remain in Sterile packages until opened in front of the Client.
- (e) Sharps Containers shall be easily accessible to the Body Art Practitioner and located as close as is feasible to the immediate area where the Sharps will be used.

15.04 Use of Workstation

- (a) The conduct of Body Art shall occur only upon a Client or Minor Client in a

Workstation under Sterile conditions.

- (b) Only the Client, a the parent or legal guardian of a Minor Client, the guide or service animal of a Client, and the Body Art Practitioners conducting the Body Art, shall be permitted in the Workstation during the conduct of Body Art.

15.05 Use of Instruments, Supplies and Sharps

- (a) All Instruments used in the conduct of Body Art shall be without Contamination, and shall be properly cleaned, Sanitized and Sterilized in accordance with this Body Art Regulation.
- (b) All Instruments and other Equipment or supplies used in the conduct of Body Art that are designed or intended for single-use shall only be used once.
- (c) All Sharps shall be properly disposed of immediately following use in a Sharps Container.
- (d) All products applied to the skin, including Body Art stencils, shall be single-use and shall be used only once.
- (e) Products used in the application of Body Art stencils shall be dispensed and applied to the area of the Client upon which the Body Art activity is to be performed with Sterile gauze or other Sterile applicator so as to prevent Contamination of the container and contents of the product in use. The gauze or other applicator shall be used only once.
