YOUR CARE

With Managed Blue for Seniors, you have the convenience of selecting a doctor who is close to your home. Your primary care physician attends to all of your health care needs, including hospital services and referrals to specialists.

We make health care easy. As a member, you'll receive a Blue Cross and Blue Shield ID card. It's one of the most recognized health care cards anywhere. In most cases, you're covered either in full or with just a copayment.

WHEN YOU TRAVEL, YOU'RE COVERED

If you have a medical emergency away from home, you're covered for an emergency room visit and one medically necessary follow-up visit with a copayment for each. This copayment is waived if you are admitted to the hospital or for an observation stay. If the hospital is not covered by Medicare, you may have to file the claim yourself to be reimbursed for your expenses. To learn more, see your plan description, or call Member Service at the toll-free phone number shown on the back of your ID card.

BLUE MEDICARERX (PDP)

(a Medicare Prescription Drug Plan (PDP) offered by ANTHEM INSURANCE CO., BCBSMA, BCBSRI, & BCBSVT with a Medicare contract)

SUMMARY OF BENEFITS

January 1, 2026 - December 31, 2026

Thank you for your interest in Blue MedicareRx. Blue MedicareRx includes standard Medicare Part D benefits supplemented with coverage provided by your former employer/union health plan. Blue MedicareRx is referred to throughout this Summary of Benefits as “plan” or “this plan.”

This Summary of Benefits tells you some features of our plan. It doesn't list every drug we cover, every limitation, or exclusion. To get a complete list of our benefits, please call us and ask for the *Evidence of Coverage*.

FOR MORE INFORMATION

Hours of Operation

You can call us 24 hours a day, 7 days a week.

Blue MedicareRx Phone Numbers and Website

Please call Blue MedicareRx for more information about our plan.

Current members should call toll-free **1-888-543-4917**. (TTY/TDD **711**).

Prospective Members, please contact your benefits administrator.

Visit us at our Document Portal:
rxmedicareplans.memberdoc.com.

If you want to know more about the coverage and costs of Original Medicare, look in your current “Medicare & You” handbook. View it online at **<https://www.medicare.gov/Pubs/pdf/10050-medicare-and-you.pdf>** or get a copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

This document is available in other formats such as Braille and large print. For additional information, call us at **1-888-543-4917**, 24 hours a day, 7 days a week. TTY/TDD users should call **711**.

WHO CAN JOIN?

You can join this plan if you are entitled to Medicare Part A and/or enrolled in Medicare Part B, are a US citizen or are lawfully present in the United States and live in the service area which includes the United States and its territories.

If you are enrolled in a MA coordinated care (HMO or PPO) plan or a MA private fee-for-service (MA PFFS) plan that includes Medicare prescription drugs, you may not enroll in a prescription drug plan (PDP) unless you disenroll from the HMO, PPO or MA PFFS plan.

Enrollees in a private fee-for-service (PFFS) plan that does not provide Medicare prescription drug coverage or a MA Medical Savings Account (MSA) plan may enroll in a PDP. Enrollees in an 1876 Cost plan may enroll in a PDP. Please contact your local benefits administrator for more information.

WHICH DRUGS ARE COVERED?

You can see the complete plan formulary (list of Part D covered drugs) and any restrictions on our Document Portal at: **rxmedicareplans.memberdoc.com**. Or, call us and we will send you a copy of the formulary.

HOW WILL I DETERMINE MY DRUG COSTS?

Our plan groups each medication into one of 3 “tiers”. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier, your out-of-pocket prescription costs to date and what stage of the benefit you have reached. Later in this document we discuss the benefit stages in your Medicare prescription drug coverage that occur: Initial Coverage and Catastrophic Coverage. For more information about formulary tiers and stages of the benefit, please see the plan's formulary and the *Evidence of Coverage* on our Document Portal at: **rxmedicareplans.memberdoc.com**, or contact Customer Care at the number listed on the previous page.

WHICH PHARMACIES CAN I USE?

We have a network of pharmacies and you must generally use these pharmacies to fill your prescriptions for covered Part D drugs.

You can see our plan's pharmacy directory on our Document Portal at: **rxmedicareplans.memberdoc.com**. Or, call us and we will send you a copy of the pharmacy directory.

ADDITIONAL BENEFIT INFORMATION FOR BLUE MEDICARERX

Important message about what you pay for vaccines

Our plan covers most Part D vaccines at no cost to you. Call Customer Care for more information.

Important message about what you pay for insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

SUMMARY OF BENEFITS

January 1, 2026 – December 31, 2026

PRESCRIPTION DRUG BENEFITS

The benefits described below are offered by Blue MedicareRx, a standard Medicare Part D plan supplemented with benefits provided by your former employer.

Initial Coverage		You pay the following until your total yearly out-of-pocket drug costs reach \$2,100 ¹ , thereafter, you will pay nothing for covered Part D drugs:	
Standard Retail Cost-Sharing		One-month supply	Three-month supply ²
Tier 1	Generic	\$10	\$30
Tier 2	Preferred Brand	\$20	\$60
Tier 3	Non-Preferred Drug	\$35	\$105
		Specialty drugs are limited to a one-month supply per fill.	
Mail Order Cost-Sharing		One-month supply	Three-month supply
Tier 1	Generic	\$10	\$20
Tier 2	Preferred Brand	\$20	\$40
Tier 3	Non-Preferred Drug	\$35	\$70
		Specialty drugs are limited to a one-month supply per fill.	

Catastrophic Coverage	
During this payment stage, you pay nothing for your Part D covered drugs.	

1. All covered drugs are on the Blue MedicareRx group formulary/drug list.
2. Available at retail pharmacies that have agreed to allow members to fill 90-day supplies of their prescriptions.

GENERAL INFORMATION

In some cases, the plan requires you to first try one drug to treat your medical condition before they will cover another drug for that condition.

Certain prescription drugs will have maximum quantity limits.

Your provider must get prior authorization from Blue MedicareRx for certain prescription drugs.

Covered Part D drugs are available at out-of-network pharmacies in special circumstances as long as the pharmacy is located within

the United States and its territories. For examples of what would qualify as special circumstances, refer to the *Evidence of Coverage* (EOC). Your copayment and/or coinsurance at out-of-network pharmacies is the same as at network pharmacies and depends on whether you purchase a Generic, Brand, or Non-Preferred drug. When using an out of network pharmacy, you may be responsible for any cost differential between the amount charged and the allowed charge.

Medicare considers drugs which cost more than \$950 for a one-month supply to be specialty drugs.

Please read the front and back of this application before providing signatures.

I understand that my signature below (or the signature of the person authorized to act on my behalf under the laws of the State where I reside) on this application means that I have read and understand the contents of this application. If signed by an authorized individual (as described above), this signature certifies that 1) this person is authorized under State law to complete this enrollment and 2) documentation of this authority is available upon request by Blue MedicareRx (PDP) or by Medicare.

Signature: Today's date: ____ / ____ / ____

If you're the authorized representative, you must sign above and provide the following information:

Name:

Phone number: Relationship to enrollee:

Street/P.O. Box: City: State: ZIP code:

Step 4: Please answer these important questions. All fields in this section are optional.

Do you work? ☐ Yes ☐ No

Does your spouse work? ☐ Yes ☐ No

Will you have other prescription drug coverage (like VA, TRICARE®) in addition to Blue MedicareRx? Yes ☐ No ☐

Name of other coverage:

Group number for this coverage:

Member number for this coverage:

Step 5: Please read this important information.

You may only enroll in this plan if you're a retiree or the spouse/dependent of a retiree who qualifies for this Blue MedicareRx (PDP) plan based upon prior employment with the employer or union offering this plan. This plan isn't available to individuals who work enough hours to qualify to enroll in the employer health plans offered to active employees by the employer or union offering this plan.

If you're a member of a Medicare Advantage Plan (like an HMO or PPO), you may already have prescription drug coverage as part of your Medicare Advantage plan. By joining Blue MedicareRx (PDP), your membership in your Medicare Advantage plan may end. This will affect both your doctor and hospital coverage, as well as your prescription drug coverage. Read the information that your Medicare Advantage plan sends you and if you have questions, contact your Medicare Advantage plan.

If you currently have health coverage from another employer or union, joining Blue MedicareRx (PDP) could affect your employer or union health benefits. Read the communications your employer or union sends you. If you have questions, visit their website, or contact the office listed in their communications. If there is no information on whom to contact, your benefits administrator or the office that answers questions about your coverage can help.

If you want to join a plan but have no permanent residence, a Post Office Box, an address of a shelter or clinic, or the address where you receive mail (e.g., Social Security checks) may be considered your permanent residence address.

Step 6: Application agreement important: Read this information before signing.

- I must keep Hospital (Part A) or Medical (Part B) to stay in Blue MedicareRx (PDP).
- By joining this Medicare Prescription Drug Plan, I acknowledge that Blue MedicareRx (PDP) will share my information with Medicare, who may use it to track my enrollment, to make payments, and for other purposes allowed by Federal law that authorize the collection of this information (see Privacy Act Statement below). Your response to this form is voluntary. However, failure to respond may affect enrollment in the plan.
- I understand that I can be enrolled in only one Part D plan at a time – and that enrollment in this plan will automatically end my enrollment in another Part D plan.
- The information on this enrollment form is correct to the best of my knowledge. I understand that if I intentionally provide false information on this form, I will be disenrolled from the plan.

Privacy Act Statement:

The Centers for Medicare & Medicaid Services (CMS) collects information from Medicare plans to track beneficiary enrollment in Medicare Advantage (MA) or Prescription Drug Plans (PDP), improve care, and for the payment of Medicare benefits. Sections 1860D-1 of the Social Security Act and 42 CFR §§ 423.30 and 423.32 authorize the collection of this information. CMS may use, disclose and exchange enrollment data from Medicare beneficiaries as specified in the System of Records Notice (SORN) "Medicare Advantage Prescription Drug (f)", System No. 09-70-0588. Your response to this form is voluntary. However, failure to respond may affect enrollment in the plan.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1378. The time required to complete this information is estimated to average 20 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-O5, Baltimore, Maryland 21244-1850.

IMPORTANT

Don't send this form or any items with your personal information (such as claims, payments, medical records, etc.) to the PRA Reports Clearance Office. Any items we get that aren't about how to improve this form or its collection burden (outlined in OMB 0938-1378) will be destroyed. It won't be kept, reviewed, or forwarded to the plan. See the first page of this document to submit your completed form.

Blue MedicareRxSM (PDP) 3 Tier Select 2026 Formulary (List of Covered Drugs or “Drug List”)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This formulary was updated on 09/05/2025. For more recent information or other questions, please contact Blue MedicareRx at 1-888-543-4917 or, for TTY/TDD users, 711, 24 hours a day, 7 days a week, or visit the Document Portal (rxmedicareplans.memberdoc.com).

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. If you are unsure about which drugs may or may not be covered, please call Customer Care to verify drug coverage.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means Blue MedicareRxSM (PDP). When it refers to “plan” or “our plan,” it means Blue MedicareRx.

This document includes a Drug List (formulary) for our plan which is current as of January 1, 2026. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the Blue MedicareRx Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Blue MedicareRx in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Blue MedicareRx will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Blue MedicareRx network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

Can the formulary change?

Most changes in drug coverage happen on January 1, but Blue MedicareRx may add or remove drugs on the formulary during the year, move them to different cost sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our Document Portal here: rxmedicareplans.memberdoc.com.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

Immediate substitutions of certain new versions of brand name drugs and original biological products. We may immediately remove a drug on our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Blue MedicareRx formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

Drugs removed from the market. If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines it be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.

Other changes. We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the brand name drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find the information in the section below titled “How do I request an exception to the Blue MedicareRx formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of September 5, 2025. To get updated information about the drugs covered by Blue MedicareRx, please contact us. Our contact information appears on the front and back cover pages. If we have other types of mid-year non-maintenance formulary changes unrelated to the reasons stated above (e.g. remove drugs from our formulary, add prior authorization requirements, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost sharing tier), we will notify you by mail. You may also access our formulary on our Document Portal (rxmedicareplans.memberdoc.com) to get information showing changes, additions, and/or deletions of medications contained in our formulary.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins at the back of this document. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Blue MedicareRx covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the *Evidence of Coverage*, Chapter 3, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

Prior Authorization: Blue MedicareRx requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, we may not cover the drug.

Quantity Limits: For certain drugs, Blue MedicareRx limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for simvastatin 80 mg tablets. This may be in addition to a standard one-month or three-month supply.

Step Therapy: In some cases, Blue MedicareRx requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Blue MedicareRx to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Blue MedicareRx formulary?" on page V for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that Blue MedicareRx does not cover your drug, you have two options:

You can ask Customer Care for a list of similar drugs that are covered by Blue MedicareRx. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.

You can ask Blue MedicareRx to make an exception and cover your drug. See below for information about how to request an exception.

Compounds may or may not be covered by your plan benefit.

How do I request an exception to the Blue MedicareRx formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost sharing level, and you would not be able to ask us to provide the drug at a lower cost sharing level.

You can ask us to waive coverage restrictions including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Blue MedicareRx limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

You can ask us to cover a formulary drug at a lower cost sharing level if this drug is not on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, Blue MedicareRx will only approve your request for an exception if the alternative drug is included on the plan's formulary, the lower cost sharing drug or the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need this exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you talk to your prescriber to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you change your level of care, such as a move from a hospital to a home setting, and you need a drug that is not on our formulary or if your ability to get your drugs is limited but you are past the first 90 days of membership in our plan, we will cover up to a temporary 30-day supply when you go to a network pharmacy. After your first 30-day supply, you are required to use the plan's exception process.

Our transition supply will not cover drugs that Medicare does not allow Part D plans to cover or drugs that are covered under Medicare Part B.

For more information

For more detailed information about your Blue MedicareRx prescription drug coverage, please review your *Evidence of Coverage* and other plan materials.

If you have questions about Blue MedicareRx, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY/TDD users should call 1-877-486-2048. Or, visit www.medicare.gov.

Blue MedicareRx formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by Blue MedicareRx. If you have trouble finding your drug on the list, turn to the Index that begins at the back of this document.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if Blue MedicareRx has any special requirements for coverage of your drug. The abbreviations you may see in the drug listing include:

- B/D Covered under Medicare B or D. This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- QL Quantity Limit. For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per 30 days per prescription for simvastatin 80 mg tablets.
- PA Prior Authorization. Our plan requires you or your provider to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- ST Step Therapy. In some cases, our plan requires you to first try certain drugs to treat your medical condition, before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- NM Not Available at Mail Order. Drugs with this abbreviation are not typically available at CVS Caremark Mail Service Pharmacy. Maintenance medications (drugs you take on a regular basis for a chronic or long-term condition) without this abbreviation are typically available at CVS Caremark Mail Service Pharmacy. Actual availability may vary.

In the drug listing, the Tier column identifies which tier each drug is on. The amount you will pay at the pharmacy, also known as copayment or coinsurance, is determined by the drug tier.

This formulary was updated on 09/05/2025. For more recent information or other questions, please contact Blue MedicareRx, at 1-888-543-4917 or, for TTY/TDD users, 711, 24 hours a day, 7 days a week, or visit the Document Portal (rxmedicareplans.memberdoc.com).

You can get prescription drugs shipped to your home through our network mail order delivery program which is called CVS Caremark Mail Service Pharmacy.

You also have the option to enroll your prescriptions in an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. And, when your prescription is going to expire or is out of refills, we'll contact your doctor for a new one. We'll contact you by phone, text message or email (your choice) before we mail your medication. Enrollment in an automatic refill program may not transfer between plans. You may be required to re-enroll your prescriptions in the new plan's automatic refill program.

For new prescriptions, we'll let you know before we send the first fill of your medication. There may be times when Medicare requires us to get your approval before sending your prescription to you. On every order, you'll have time to make changes or cancel and you won't be charged until it ships. You can start or stop automatic refills at any time.

Typically, you should expect to receive your prescription drugs within 10 calendar days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 1-888-543-4917. TTY/TDD users should call 711.

Blue Cross and Blue Shield of Massachusetts, Inc., is an Independent Licensee of the Blue Cross and Blue Shield Association.

Anthem Insurance Companies, Inc., Blue Cross and Blue Shield of Massachusetts, Inc., Blue Cross & Blue Shield of Rhode Island, and Blue Cross and Blue Shield of Vermont are the legal entities which have contracted as a joint enterprise with the Centers for Medicare & Medicaid Services (CMS) and are the risk-bearing entities for Blue MedicareRx (PDP) plans.
